

Interstuhl in DUBAI at the Workspace & INDEX Exhibition 2015

Once again in 2015 we took part in the most significant office furniture fair in the Middle East, together with our partner NOA Offices. The fair Workspace & INDEX took place in the World Trade Center in Dubai between 18 and 21 May.

The focal point of the Interstuhl and NOA exhibit was TANGRAMis5 with an extensive landscape of sofas, to which was added a KINETICis5 bar. The flexible and innovative sofa TANGRAMis5 was also an essential feature in the official INDEX Trend Tour, and finalist for the Product Design Award in the soft-seating section. In addition to TANGRAMis5, the YOSTERis3 family of swivel chairs and the BUDDYis3 collection of conference chairs were introduced at the Workplace. Sheikh Hamdan bin Rashid Al Maktoum, the UAE's Minister of Finance and Industry, visited Interstuhl with his delegation during his tour of the fair. Altogether, the fair was very successful for Interstuhl, and we were able to establish many new contacts.
