

AdapTable: NESTYis3 is nominated for the German Design Award 2015

NESTYis3, the folding table range, is characterised by its technical sophistication, the highest functional aesthetics and the uncompromising user orientated efficiency. Particularly, in a world of work today which is constantly changing, flexible systems are needed that adapt quickly, easily and without compromise in terms of utilisation. NESTYis3 is such a system. Thanks to its clever folding mechanism, it can be assembled, disassembled, re-combined and also stored in no time at all. Its vertical and extremely space efficient nesting, lead to NESTYis3's name. Many thoughtful details, such as height-adjustable castors, hidden mounted shock protection, modesty panel, linking elements or different electrification modules, allow a variable and uncomplicated use of space. NESTYis3 transforms solitary work stations to seminar or conference facilities. It offers a great variety of different sizes, shapes and table top materials that guarantee that NESTYis3 looks at its best. It provides an important contribution to space and cost-effectiveness, a thoroughly intelligent solution. Thereby, it creates space for communication, information, concentration and inspiration. It offers extremely efficient handling. In short: NESTYis3 is 'adaptable'. Notably, NESTYis3 also convinces with its design. The institution 'Rat Formgebung' rewarded NESTYis3 a nomination for the German Design Award 2015.
