

On 20th to 23rd May, the Dubai World Trade Centre opened its doors to exhibitors. The Office Exhibition and INDEX were linked together this year. We displayed our products through our dealer from Dubai, NOA. Apart from interstuhl products, NOA also showed table and cupboards with the brands Quadrifoglio and OffiCity. Interstuhl focused on MOVYis3 and EVERYis1, which were officially launched at this exhibition to the Arab market. The feedback from the visitors for the new products was great. In addition to the novelties, we also displayed AirPad and Silver. The visitors included retailers, architects, designers and potential end-customers from the United Arab Emirates, Saudi Arabia, Kuwait, Oman, Katar, Bahrain, Africa, India and Pakistan.
