

red dot Design Award for high design quality goes to interstuhl

KINETICis5 impressed the 37 experts of the red dot jury and was awarded "Product Design 2013". Only if the renowned authorities can be convinced, a product creation can be decorated with the red dot and can be positioned on an international level. In the current competition, KINETICis5 stood up to 4,662 applications. Only the best design concepts could inspire the jury and therefore KINETICis5 was awarded the red dot for its successful design concept.
