

#### Launch of new interstuhl products in Spain

On 22nd January, the new interstuhl products were launched in Madrid. The open day event took place in an ancient cellar of the sixteenth century. The architectural beauty of the location underlined the aesthetic designs of the interstuhl chairs, creating an innovative and traditional environment.

The event was attended by many visitors including architects, designers and representatives of major Spanish and international companies. The new interstuhl products KINETICis5, VINTAGEis5, Ritmo and X&Y received brilliant feedback from visitors, who expressed great interest in our products. The event finished late in the afternoon with an excellent result that exceeded all expectations.
