Upholstery	Seat upholstery: 70 mm foam. Comfort seat.	Upholstery is unglued, ensuring optimal air movement, breathable. Great seating comfort.
Mechanism	Autolift-System (with synchronous mechanism), with automatic weight adjustment (45-120 kg). Backrest lockable in both forward and backward position, opening angle between seat and back up to 105°.	The mechanism is designed in such a way that it supports your posture in every seating position. It enables the user to change seating positions flexibly.
