

**Technical data sheet N1020**

Specification Folding table, rectangular

Dimensions in mm

Total:	H:	740
	D:	2000

Packaging data	Weight:	kg	48,5
	Volume:	m³	2,55

**Basic equipment**

**Benefit**

Frame	Tubular steel, bent in the shape of a "drop". Double T-design, connected twice with crosswise laying round pipe adapter. Welding seam is covered by a plastic covering.	Stable, elegant and interesting design.
Longitudinal beam	4 edges black steel pipe with connected release tilt/fold mechanism via round tubular steel hoop.	
Frame surface	Powder coated black.	Matches all offered table surfaces.
Castors	Castors that adjust to different surface heights and can be locked where necessary.	Adapts to uneven floors. Therefore, the table remains level.
Table top	Chip board, 22 mm, foldable. Therefore, tables can be staggered diagonally.	
Table top shape	Rectangular, 2000 mm long, 1000 mm deep.	Enables to use one table only or table rows.
Table top surface	Melamine, direct coated (DBS), plastic laminate in premium white, same colour for the stabilizing/ bottom layer.	Very durable laminate tops.
Table edge	ABS, 2 mm strong, straight. Matches the colour of the table top.	ABS edges are also suitable for tough environments.
Connector/ Substructure/ Top	Plastic fitting.	
Standards	GS-Symbol for tested safety.	
Certification	Quality management system DIN EN ISO 9001:2008, VO (EG) No. 1221/2009 (EMAS), Environmental management system DIN EN ISO 14001:2009, OHSAS, EcoVadis gold, Commitment to sustainability.	
Warranty and return	10 years warranty. Complete return and recycling guarantee.	

Disassembly instructions are available upon request for any interstuhl product

Specification Folding table, rectangular

Dimensions in mm

Total:	H:	740
	D:	2000

Packaging data	Weight:	kg	48,5
	Volume:	m³	2,55

Options		Benefit
Frame	Powder coated brilliant silver, white or chrome (longitudinal beam always black).	Table top can match existing chairs.
Table top surface	Melamine direct coating (DBS) for different plastic laminates, plain coloured and wood design. Stabilizing/bottom layer or HPL plastic laminate plain coloured and wood design. Stabilizing/bottom layer always white (please refer to price list and sample card).	Large variety of laminates which enable individually specified tables which enhance and match the environment.
Table edge	ABS, straight with rubber protector, black (bull nose edge, R50). Matches colour of table top.	Rubber bumper.
Table connectors	Four plastic table connectors that match all NESTY tables. Please keep in mind the shape of table top.	
Modesty panel	Made of acryl glass, stained white. To hook on to the beam. Does not need to be removed for the folding.	No disassembly is necessary. Save unhooking.
Accessories	Electrification: Different electronic-connection boxes, aluminium anodized with brush band and foam rubber buffer. Cable channel, black metal, fixed between the beam.	Easy cable management.
Other	Special equipment on request.
